How to find a Contracted Provider on the Dentemax Network

- ▶ **Go to www.dentemax.com**
- ▶ **Next page - Click on “Members”**
- ▶ **Next page – Click on “Find A Dentist”**
- ▶ **Next page - Enter your zip code and provider name (if you are choosing a specific provider) or enter your zip code and the number of miles you are searching.**
- ▶ **Click on “Search”, the site will display providers available in your zip code area. If your specific provider does not appear on the list, he/she is not a contracted provider and you should either enroll in the PPO (In/out of network) plan or select another provider who is contracted and enroll in the in-network PPO plan.**
